LAUNCHED IN 2013, PERRY & WASHINGTON TRANSLATES THE HERITAGE AND SPIRIT OF THE WEST VILLAGE into a diverse, irreverent collection for men. Heritage classics are interpreted with a cosmopolitan yet relaxed, twist that can only be found in the West Village. It has been said, that if New York is a living organism the corner of Perry & Washington is its heart. So, think with your heart, and add a piece Perry & Washington to your wardrobe today.

a. The Half Windsor

Living.

A West Villager's life is cosmopolitan yet relaxed where pleasure is found in just being alive. Perry & Washington is about giving logic a break, and giving your spirit a chance to run wild. It's about driving your classic convertible Benz a few blocks to dinner at your favorite village hideaway instead of walking, or, inviting a few hundred of your closest bohemian friends to your garret for a party. It's about leaving your practical side at your second home and enjoying life.
